

Precise LCD Display LNG Gas Fuel Dispenser 1% Accuracy -40°C To 50°C Temperature Range

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Model Number: LD-1
- Minimum Order Quantity: 1 set
- Delivery Time: 20 days

Product Specification

- Accuracy: +1.0%
- Display: LCD
- Type: Fuel Dispenser
- Rated Working Pressure: 16MPa
- Temperature Range: -40°C To 50°C
- Gas-filling Preset Range: 1~9900 Kg
- Flow Rate: (1~80) Kg/min
- Rating Power: <100W
- Highlight: **1% Accuracy LNG Gas Fuel Dispenser ,
LCD Display LNG Gas Fuel Dispenser**

Product Description

Product Description:

The dispenser is designed to operate within an ambient humidity range of 30%~90%. This ensures that it can be used in different environments without any problems. It is also equipped with a Dispensing Flow Rate of 50L/min, which makes it ideal for use in busy filling stations where fast dispensing is required.

The Gas-filling preset range of 1~9900 Kg makes it possible to dispense different volumes of fuel as required. This feature makes the dispenser versatile and suitable for use in different applications. Whether you need to dispense fuel in large or small quantities, this dispenser will do the job efficiently and accurately.

The dispenser is rated at less than 100W, which means that it is an energy-efficient unit. This makes it a cost-effective option for filling stations that want to save on energy costs.

The LNG Gas Dispenser is a reliable and durable Filling Station Dispenser that is designed to meet the needs of modern filling stations. It is easy to install and operate, and requires minimal maintenance. The dispenser is equipped with advanced safety features that ensure that fuel dispensing is always safe and secure.

Applications:

Petroleum Transfer Station: The Virette LD-1 LNG Gas Dispenser is perfect for use in petroleum transfer stations, where large volumes of LNG are dispensed to vehicles on a daily basis. Its high flow rate ensures that vehicles can be filled up quickly, reducing waiting times and improving efficiency.

Industrial Facilities: The Virette LD-1 LNG Gas Dispenser can also be used in industrial facilities that require large amounts of LNG for their operations. It is reliable and easy to use, making it an ideal choice for use in these types of environments.

Diesel Fuel Injector: The Virette LD-1 LNG Gas Dispenser can also be used as a diesel fuel injector. Its high flow rate and LCD display make it easy to dispense the required amount of diesel fuel quickly and accurately.

The Virette LD-1 LNG Gas Dispenser is manufactured in China and has a minimum order quantity of 1 set. It has a delivery time of 20 days and can operate in a temperature range of -40°C to 50°C. Its model number is LNG-1000 and it is a type of fuel dispenser with an LCD display.

Customization:

The flow rate of our LNG gas dispenser ranges from 1 to 80 Kg/min, making it suitable for a wide range of applications. The gas-filling preset range is between 1 and 9900 Kg, and the accuracy is +1.0%. The temperature range of our dispenser is -40°C to 50°C, ensuring reliable performance in any environment.

With a dispensing flow rate of 50L/min, our Virette LD-1 LNG Gas Dispenser is perfect for busy fuel stations and petroleum transfer stations. Contact us today to learn more about how our product customization services can help you get the most out of your LNG gas dispenser.

Support and Services:

Our LNG Gas Dispenser product comes with comprehensive technical support and services to ensure its optimal functionality and longevity. Our team of experienced technicians and engineers are available to provide product installation and commissioning services, as well as ongoing maintenance and repairs. We also offer training and education services to ensure proper and safe use of the product, as well as troubleshooting and remote technical support for any issues that may arise. In addition, we provide regular software updates to ensure your LNG Gas Dispenser is always up to date with the latest technology and features. Our goal is to provide our customers with the highest level of support and service to ensure maximum efficiency and performance of their LNG Gas Dispenser product.
